

Academy In Manayunk

...in conjunction with The Lab School of Washington®

The Academy In Manayunk (in conjunction with the Lab School of Washington) is currently seeking to hire a full time Speech Language Pathologist to provide services to school aged (1st through 11th grades) students with learning disabilities. Board certified SLP's (with up to date C's) who have experience working with school-aged children are preferred, but strong CFY candidates will be considered. Mentoring and supervision will be provided by a certified SLP.

This is a fabulous opportunity to work in a creative and supportive environment alongside a very talented team of therapists and teachers. In addition to an excellent salary and benefits, training in the Wilson Reading Program, as well as numerous other opportunities for continuing education credits will be provided. Smaller caseloads and the opportunity to provide both individual therapy services and classroom integration services make this a great position for anyone who loves to spread their wings!

Please fax or email your resume and cover letter to:
